## ABOUT ESPANY NATURE INDIA LLP

Espany Nature India LLP, is in south of India, in the state of Tamil Nadu, amidst the thriving coconut belt of India is engaged in producing high quality coir products- PVC or vinyl backed coir mat (Floorcovering/Doormat) and coco peat (growing media). The coir products are fully biodegradable and environment friendly by nature.

We manufacture high quality coir products and maintain quality from the very beginning from the stage of fiber to the end produce such as coco peat and coir doormats. Spread across 25 acres and with state-of-the-art infrastructure, it enables us to process coir all under one roof having functions such as fiber processing, yarn production, coir tufting, shearing, trimming, printing, and packed.

**25 acres**  
of manufacturing unit

**10 MT/day**  
Coir yarn

**5 million**  
Mats/year

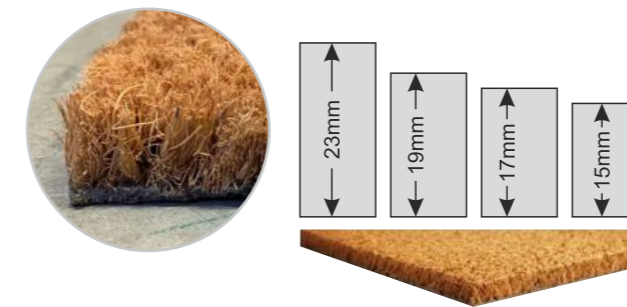

**RO**  
Water System

## QUALITY AND INFRASTRUCTURE

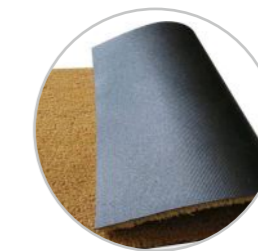

The quality is given utmost importance with traceability in each flow of operations in order to produce coir products of highest quality. We have continuous supply of clean source water enabling our production and quality meeting the best standards required by the industry.

We have the state-of-the-art facility to process and produce Coir Mats (Vinyl backed coir mats/ Latex mats) with our tufting machine. The tufting machine is suitable to produce coir rolls / coir mats width up to 2-meter width.
